2 MODIFICATION PROPOSED

Modification Title:	*House Keeping Changes – Tranche 1*
Description of Modification Proposal:	This Modification aims to correct various parts of the Code as part of a suite of House Keeping changes as well as the creation of a new defined term omitted in the original legal text. The proposed changes are included in Annex B, C and E.
Proposed Solution:	This Modification seeks to make changes to the following areas of Code, following identification of errors, minor amendments or the need for a new defined term that does not pose a material change to the legal text; Section B22.1 - should refer to B5.8 (changed from B5.7). Section B23.3.(a) - should refer to B5.18 (changed from B5.17). Section B23.3(b) - should refer to B5.24 (changed from B5.23). Section B24.1 (i) (iii) - States the proposer should indicate a preference for the modification to be implemented – clarity needed. Section B29.2 (d) and 29.5 are duplicates Section B39/40 and Section K – standardising terminology relating to self-governance determination dates

	Glossary - (Designated Non-Code Party) should refer to B5.9 (changed from B5.8). Glossary - 47.3(d) in "SOS Modification Suspended Proposal"—this term is not currently defined in the glossary Annexure C Part 1 – Correcting typos and inconsistent language around user/users/the user and shall/to be. Annexure E - refers to Annexure F in the intro
Case for change:	The implementation of these minor House Keeping changes will ensure that the Code remains as correct and relevant as possible. The changes being made will help to add clarity to the legal text and in places plug gaps that have been identified through further scrutiny.
How does this Modification Proposal better achieve the Relevant Objectives:	How do you consider this Modification Proposal better facilitate the achievement of the Relevant Objectives (24.1 (m)) as set out in the Carbon Dioxide Transport and Storage Licence: B) the economic, efficient and effective discharge of the Licensee's obligations under the licence;
Background Information: *(Optional)*	The House Keeping changes included in this Modification have all been held on an industry owned issues register and added by both Stakeholders and the Secretary since the Codes implementation.

3 CODE IMPACTS

Which parts of the code does this Modification impact:

Section:	Section B24.1 (i) (iii) Section B22.1 Section B23.3.(a) Section B23.3(b) Section B29 Section B39 Section K
Exhibits:	N/A

Annexures:	Annexure C Annexure E

4 DRAFT LEGAL TEXT AND IMPACTS

Draft legal text (optional)	Please see attached document 'CCS003 suggested Legal Text v0.1'
CCS Network Code baseline version	V1.2 (August 2025)
Impact on Users and T&SCos (optional)	As non-material impacts, we do not envision that these changes will have impacts on Users or T&SCo systems or procedures. They are being proposed as a way of ensuring that the Code remains as relevant and complete as possible. This will promote the efficiency of the administration of the Code.

5 SELF-GOVERNANCE

Should the Modification be Self-Governance/Fast Track Self Governance/?	We propose that this Modification should proceed under the Fast Track self-governance route.
Rationale for Self-Governance:	The changes being proposed have been collated via an industry owned issues register that has been viewed by the Panel at intervals. The proposed changes are also, by nature, not material and therefore do not seek to change the intention of the Code, rather to either add clarification or reduce unnecessary ambiguity.

6 REGULATOR/SECRETARY OF STATE IMPACTS

Does this Modification impact a Significant Code Review?	No
Modification directed by the Regulator?	No
Does this Modification impact an existing SoS Modification Proposal?	No
Modification directed by the SoS?	No

7 TIMEFRAMES AND PROGRESSION

Do you consider this Change Proposal should be treated as an Urgent Modification Proposal	No
Justification for Urgent Modification Proposal:	N/A
Are there any required timescales for the development of this Modification?	Due to the nature of the change, we would propose that this Modification be incorporated into the next standard release in November 2025. For reference, CCS Network Code has standard releases in February, June and November each year.
Proposers preference on Modification progression path:	State whether you have a preference (this will not prejudice the Modification Panel) on whether this Modification Proposal should: - Proceed to Consultation
