2 MODIFICATION PROPOSED

Modification Title:	Housekeeping Changes – Tranche 2
Description of Modification Proposal:	This Modification proposes a series of housekeeping changes to improve the accuracy and usability of the CCS Network Code.
Proposed Solution:	This Modification seeks to make several minor housekeeping changes to the following sections of the Code: • Section B – Governance • Section H – Charges, Invoicing, and Payment • Section K – Glossary • Annexure H – Isolation Procedure Terms of Reference A full list of proposed changes and supporting rationale is provided in CCS006 Appendix 1 - Proposed Housekeeping Changes and Rationale.
Case for change:	This Modification improves the clarity, accuracy and usability of the CCS Network Code by correcting typographical errors, updating references and aligning terminology and drafting conventions. The proposed changes are administrative in nature and do not alter the Code's intent, legal effect or operational application.
How does this Modification Proposal better achieve the Relevant Objectives:	This Modification better facilitates the Relevant Objectives by improving the clarity, consistency and accuracy of the CCS Network Code. By reducing ambiguity and the risk of misinterpretation, it supports the efficient operation of the T&S Network and the effective discharge of Licensee obligations, without changing the substantive effect of the Code.
Background Information:	The proposed housekeeping changes have been identified by the Secretary and other stakeholders during the administration and operation of the Code since its implementation.
